31st August 2015

Letter of Endorsement

To Luc Ferrier
Chairman & Founder
Forgotten Heroes 14-19 Foundation

The Scottish Ahlul Bayt Society would like to take this opportunity to commend you for the superb work the Forgotten Heroes Foundation is doing in honouring and paying tribute to all those who contributed to today's world, particularly highlighting the lesser known contribution of Muslims in WW1.

The travelling exhibition – an immersive cultural exchange – is a fantastic and visionary idea. We believe it would serve as proof that our tragedies are shared, our suffering is shared, and also our triumphs and victories. By propagating that, every Muslim, Christian, Jew, every person of faith and none, will feel that they are as one whole – a unit – and that we must stand by one another in solidarity for the greater benefit of mankind.

We tender our support to the Forgotten Heroes 14-19 Foundation with the knowledge that their work will inevitably break social barriers, challenge extremism and negative stereotypes, engender a much needed interfaith engagement and dialogue, and contribute immensely to a more cohesive and integrated society.

Yours Sincerely,

Shabir Beg
Chairman
Scottish Ahlul Bayt Society
